MOBILE USB KEYPAD/ CALCULATOR COMBO

Model #A05011

CODi's USB Keypad/Calculator Combo is ideal for financial professionals on the go. The diminutive sizes of todays' portable notebooks can make data entry a challenge. The external Keypad/Calculator combo is ideal for accounting or any financial applications requiring quick and accurate data entry. Switch easily between keypad and calculator modes. Sends computations directly to open spreadsheets on your notebook/PC.

PRODUCT FEATURES

- Mode button quickly and easily switches between keypad and calculator modes
- Convenient USB interface
- Send calculations directly to spreadsheets with the touch of a button
- Plug-and-play
